

## DS211 DLP® Projector

# Bring The Big Picture Home

-  Big picture – up to 300" Diagonal
-  Compatible with SCART sources like satellite and cable TV receivers, games consoles and DVD players
-  Widescreen and Movie modes
-  Bright and sharp picture using Optoma BrilliantColor™ technology
-  Quick start up and shut down time
-  Remote control
-  Lightweight and portable

## Get ready...

...to bring the big picture experience into your home with the ultra-bright DS211. Easy to use, this small and stylish projector gives you the possibility of a huge 300" image, to bring the cinema viewing into your own home.

Share your holiday photos with your friends and family, watch the latest blockbuster movie, enjoy the big game or just simply use it as backdrop for your party, the Optoma DS211 is the perfect multi-use projector for your home.

Hassle-free, long lasting projection with the 6000 hour lamp-life, filter-free low maintenance design combined with our unique Optoma Colour Guarantee.

## GET CONNECTED

Easy to use with most of your home devices; simply connect, power up and project from:

- Satellite and cable Set top boxes
- Computers and laptops
- DVD players
- Games consoles
- Television recorders
- External speakers/Headphones

† For optimum SCART RGB image quality an optional Optoma SCART adaptor (available separately) must be used. SCART connectivity can also be achieved with widely available composite/SCART adaptor.

## CLEAR, FOCUSED IMAGES

DarkChip3™ technology from Texas Instruments produces a stunning 3500:1 contrast ratio for pin sharp, crystal clear images. Crisper whites and ultra rich blacks bring the image to life.

With

Without

## AMAZING COLOURS

The DS211 incorporates BrilliantColor™ technology to produce stunningly bright images with perfectly balanced life-like colours. Preset display modes allow you to achieve a perfect image every time.

## COLOUR GUARANTEE

We are so confident that the DS211 image colour quality will remain as good as the day you bought it that Optoma will guarantee it for five years.

## VIRTUALLY MAINTENANCE FREE

The DS211 provides lower cost of ownership, longer life and improved reliability. The filter-free projector design does not require regular filter cleaning or filter replacement, saving you time and money.

## ENVIRONMENTALLY FRIENDLY

The DS211 incorporates energy saving features to conserve power and extend the lamp life:

To achieve the maximum 6000hrs<sup>2</sup> lamp life time the projector should be operating in ECO mode and the shut down timer should be enabled to automatically switch off the projector if it is accidentally left on when no longer required. Enabling the <1W Standby mode will ensure the minimum energy consumption when the projector is not being used.

It takes less than 10 seconds for the projector to power up and shutdown, saving both time and energy.

## FEATURES

- 6 preset display modes including Movie mode
- 4:3 and 16:9 widescreen
- Compatible with SCART signal
- Password protection for added security
- Ceiling mount the projector or project from a coffee table
- Easy to use remote with direct source control

We know that improving our products is the best way to reduce our impact on the environment. That's why at Optoma, we design our products to have a long usable life, use fewer materials, ship with the minimum packaging and be free of all possible toxic substances. Naturally, energy efficiency and being recyclable are built in at the design stage. With each new product, we strive towards minimising our environmental impact. For full details of Optoma Project Green please visit our website.

## DS211 SPECIFICATIONS

Native Resolution	SVGA 800 x 600	
Display Technology	0.55" SVGA DLP® chip, Technology by Texas Instruments	
Compatible Resolutions	UXGA, SXGA+, SXGA, WXGA, XGA, SVGA

<sup>1</sup>Brightness and lamp lifetime will vary depending on selected projector mode, environmental conditions and usage. As is common with all lamp based projectors, brightness will decrease over the lamp lifetime. <sup>2</sup>Typical lamp life achieved through testing. Will vary according to operational use and environmental conditions. <sup>3</sup>Optoma guarantees that in normal use, Optoma DLP® colour quality will be indistinguishable from when new. Exclusions: (a) Guarantee is voided if the projector is subject to damage through misuse. (b) Guarantee may be void in industrial or commercial entertainment environments where dust or smoke is excessive (c) Guarantee will not apply if lamp brightness is below 50% due to wear or if the projector is not working due to other faults. (d) Over time worn lamps within all projector types will show a slight colour variance. Copyright © 2011, Optoma Europe Ltd.
