OPS200

OPS200 EDLA slot-in PC for Creative Touch interactive flat panel displays

- **Enhances the capabilities of your Creative Touch interactive flat panel display**
- **Slots inside the interactive flat panel display for ultimate convenience and safety**
- **Ideal for demanding educational and corporate environments**
- **OPS connectivity means future-proofing your purchase with a well-known standard**

The OPS200 is the perfect answer to your growing computing power requirements. This lightweight slot-in device is perfect to make the most out of your Optoma Creative Touch interactive flat panel display.

The OPS200 is a powerful, cost-effective solution for retrofitting older displays, transforming them into modern, full-featured smart displays. By simply integrating the OPS200 module, you can bring aging screens in line with today's performance standards—enabling seamless access to cloud-based tools, enhanced connectivity, and compliance with Google EDLA
