RISE 2000

Motorised floor-wall lift with anti-collision

- **Anti-collision technology for added safety in schools - Ideal solution for education and corporate environments**
- **Easily raise the display smoothly, quickly, and safely - Movement speed of 50mm/s for the heaviest screens with QuickRise™**
- **Flexible, stable, and robust - Suitable for very high and low positions with a height adjustment range of no less than 980mm**
- **Stylish and sleek solution for your Optoma display - Integrated cable management (CIS®)**

RISE 2000 DirectControl™ is a manually operated, electrically supported display lift for easy, fast and safe height adjustment of large displays. The lift is suitable for screens up to 98” of max. 100 kg and has a universal VESA fitment up to max. 800x600. With a maximum height adjustment of 980mm, lift speed up to 80mm/s and a stable column construction, this lift fits perfectly into any environment. Due to the

unique DirectControl operation, you can move the screen simply by pushing or puling it at any desired
